

# Your daily steam ritual.

## Steam Bath Chamber

Sitting Type

Experience the power of steam. Designed for deep relaxation and daily wellness.

For home and spa.

# A space to slow down.

Step away from the pace of the day and settle into a seated steam experience.

The PureSteam Steam Bath Chamber brings a dedicated space for your steam ritual into a compact cabinet, with a natural wood exterior that adds warmth to its surroundings.

A moment for yourself.  
A ritual to return to.

# Designed around your comfort.

## 01 A seated experience

An internal wooden stool is included for sitting inside the chamber.

## 02 Easy access

Dual front doors with wooden handles open to reveal the interior.

## 03 An open-top design

A circular top opening accommodates the seated steam bathing position.

## 04 A compact footprint

A space-conscious chamber designed for home or spa use.

Chamber size: 111 × 73 × 136 cm

# Natural warmth. Practical details.

## Wood exterior

Finnish spruce / Canadian hemlock gives the chamber its warm, natural appearance.

---

## Waterproof inner chamber

A smooth, easy-clean interior supports straightforward cleaning between uses.

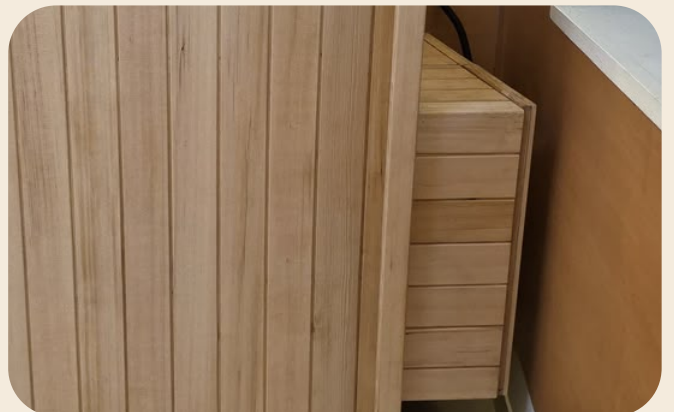

---

## Internal drainage

A drain outlet inside the chamber makes water drainage and maintenance easier.

---

## Dedicated service compartment

A side steam box provides space for the steam generator and utilities.

Thoughtful details, inside and out.

# Your steam system, included.

The chamber comes with a PureSteam steam generator package, complete with a digital controller, steam room sensor and aluminium nozzle.
